Race #9 Texas

Back in the day when the Texas Motor Speedway opened, drivers nearly boycotted the race for what they considered a dangerous track configuration. The Tracks answer to that? They Printed up a T-Shirt.

“SHUT UP AND DRIVE”

You gotta love them Texans.

No one picked the #5 pole sitter, what the heck happened there?

2 race winning picks, a little better

Lady Luck9 from Finland made it come true at Texas. Picking the winning #9 and moving to the lead from 3rd. Now that's a MOVE.

Welcome to the AUTO MEDICS Challenge Dee Independent Cleaners 1029 East Superior St. Such a Grand OLE name, been around seems for ever and still doing dry Cleaning on site as well as a self serve laundromat. We have a friend in the Laundry Business. Dee Independent Cleaners picked the #9 Winner.

Other point earners; The Sebjl Family from Ironwood Mich, Wilson's Garage where the Wisdom goes to Triple Overtime. Garage a Tina McQuiston Group I am wondering if they meet in the Garage and set the NASCAR World straight.
